

SET OF TOOLS

For beginners and professionals

The sets containing various types of wrenches, pliers, screwdrivers, files, hammers, punches, chisels and other tools make for an excellent pick for top-notch, expert craftsmen and the right choice for beginners.

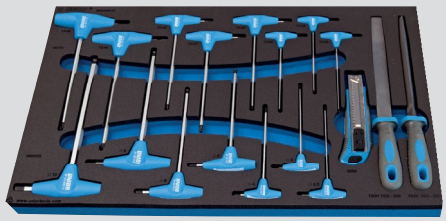

Smart composition

The composition of the various sets is based on a continuous cooperation with local professional users of Unior tools. The ready sets take into account the requirements of individual fields of activity and represent quality, sensible and cost-attractive tool selection.

Simple selection

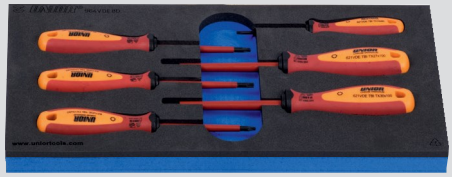

Sets of typical field-related tools simplify the selection and purchase of specific instruments you need and use in your work. Electricians, auto mechanics, vehicle painters, computer technicians and many other professionals trust the experience of Unior.

SOS tool trays – advantages:
The SOS tool trays are made from dual-layered foamed polyethylene, which is resistant to grease, petrol, oil, nitro diluents, adhesives and motor oil – all of which can easily be removed without leaving any visible residue (stains). Adhesives and motor oil need to be removed immediately by cleaning with petrol in order to avoid permanent staining.

System
Material: Low density polyethylene foam.

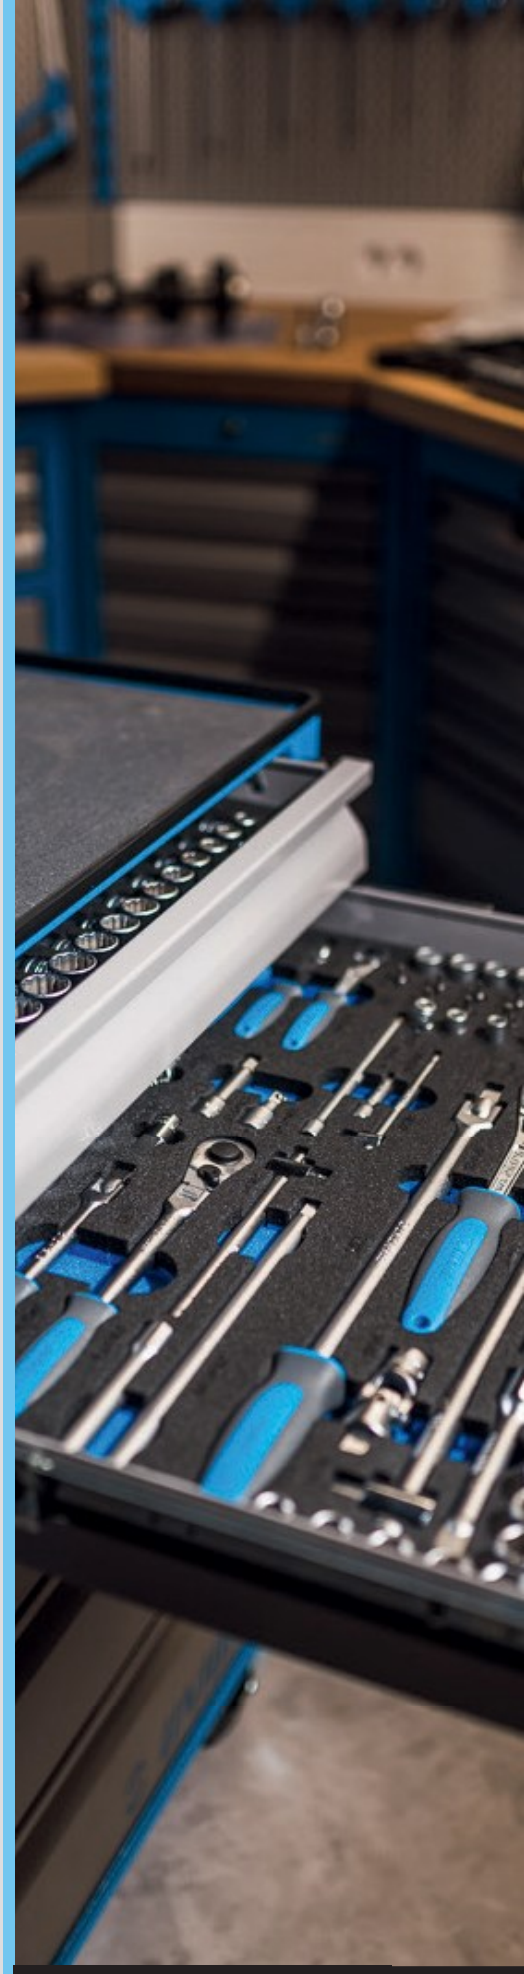

These tool trays of polyethylene foam are used for clearer and better organised tool storage in tool boxes, tool cases, the drawers of tool carriages and tool cabinets. This storage is known as the SOS SYSTEM. These tool trays can be used in a wide range of temperatures, do not absorb dampness and, with normal use, have a long lifespan. They protect the tools by holding them in their own specifically designed place, thus preventing them from moving uncontrollably around in the storage area. As the positions in the tray are precisely defined and designed for each specific tool, it is also easy to establish which tools are missing.

SOS System

Tool setwith tool carriage 940EV4

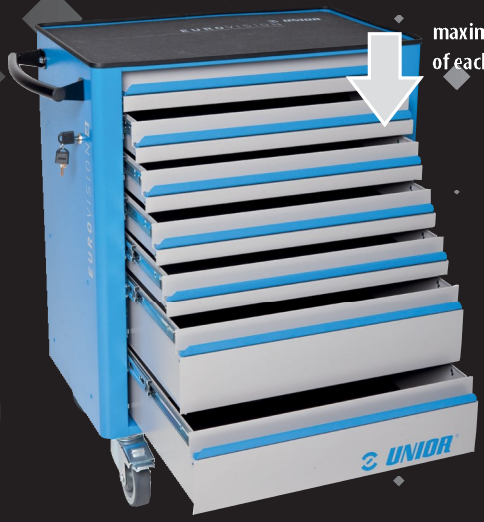

Basic tool set for maintenance in car repair workshops, agro services and maintenance in the industry.

940EV4 Tool carriage Eurovision

- *opening and closing of drawers is very simple due to the uniform solution - drawer handle on the upper side enables users a synchronic grip and opening of a carriage drawer.*
- *Drawer closing mechanism prevents unwanted opening of drawers.*
- *wide range of accessories*
- *7 drawers (5x L 563 x W 365 x H 70mm, 2x L 563 x W 383 x H 150mm)*
- *drawers compatible with SOS tool trays 1/3, 2/3, 3/3*

static load capacity of carriage without wheels: 1600kg
dynamic load capacity of carriages: 500 kg

maximum capacity of each drawer: 45kg

full extension drawers with top quality ball-bearing slides

central locking system with a lock and folding key

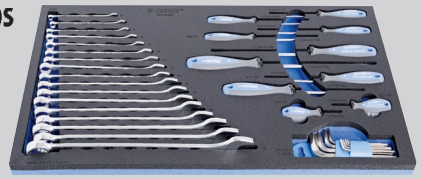

oil and acid resistant wheels of a diameter of 125mm, one with brake, which blocks spinning and rotating of the wheel
