**EXT** 18V CORDLESS  
KEEP COOL TECHNOLOGY

# **NEW** BATTERY RANGE AT LAUNCH

## **R18BAT-LI4**

- 18V, **4Ah** Lithium-ion Battery
- EXT line with Keep Cool Technology
- LED Charge Level Indicator
- Charge Time: 50mins

## **RAPID CHARGE**

- Rapid charger for EXT batteries
- LED charge status indicator
- Wall mountable

## **SINGLE DOCK**

**R18RCH-LI1**

## **DOUBLE DOCK**

**R18RCH-LI2**

**ACCURATE • RELIABLE • POWERFUL**

**evOLUTION®**

A person is operating a cordless multi-material cutting saw in a workshop. The saw is black and grey, with a large circular blade. A flexible black hose is attached to the top. The person's hands are visible, one on the handle and the other on the side. The background is a wooden wall.

Improved trench  
cut facility

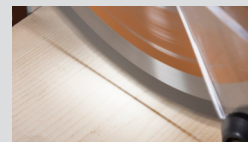

On-board  
Tool Storage

Soft grip rear  
carry handle

Improved dust port  
design for better  
extraction

Shadow line technology  
for increased accuracy

Ergonomic, soft grip  
handle with safety trigger.

100hr motor life

Soft start & E-brake

Polycarbonate blade  
guard with redesigned  
guard linkage

Mounting holes in base for bench  
mounting or use with mitre saw stand

A person wearing a light-colored long-sleeved shirt and dark pants is using a cordless power tool to mix the contents of a large yellow bucket. The tool has a long, thin mixing shaft that is submerged in the bucket. The person is holding the tool with both hands. The background is a gravel surface with some sparse vegetation and a wooden fence or wall on the right side. The overall image has a dark, semi-transparent overlay.
