ANY MATERIAL.
ANY WHERE.

evolution®

*Evolution Multi-Material Cutting Technology
is now cordless allowing you to cut...*

ANYMATERIAL.
ANYWHERE.

- ✓ **Accurate and smooth cuts through hard & soft wood.**
- ✓ **Safely cuts reclaimed wood with embedded nails.**
- ✓ **Cool to the touch, burr free cuts through metal.**

A cut above the rest - Our multi-material power tools are accurate, reliable and powerful. High-torque DC motor and gearboxes deliver the same cutting capabilities as our corded saws. Our multi-material saws come backed by a 3 year warranty and are manufactured to strict tolerances to make light work of all your cutting.

evolution®

Powerful Lithium-Ion EXT batteries with **Keep Cool Technology**. Actively works to keep the cells cool to maximise run time. Rapid charging keeps your batteries fuelled & keeps you working.

R18BAT-LI2

- 18V, **2Ah** Lithium-ion Battery
- LED Charge Level Indicator
- Charge Time: 30mins

R18BAT-LI4

- 18V, **4Ah** Lithium-ion Battery
- LED Charge Level Indicator
- Charge Time: 50mins

PERFORMANCE & PRECISION, REDEFINED

NEW EVOMAX ULTRA THIN KERF DIAMOND BLADE

Featuring an optimised 260mm / 10" blade, optimised for cordless machines. 40% longer run-time and 60% faster cutting* to unlock the full potential of the saw, currently dominating competitor machines and their supplied blade.

*Based on internal testing data.

HUGE 102MM CUTTING CAPACITY

Market-leading 102mm / 4" cutting depth to effortlessly slice through standard 450 x 450 x 35mm blocks and bricks in a single pass.

AUTOMATIC DUST SUPPRESSION

Automatic ON/OFF water feed valve for efficient dust suppression. Activates once the trigger is engaged and turns off when released.

EVO 36V

THE POWER OF CORDED. THE FREEDOM OF CORDLESS.

Powered by 2 x 18v EXT batteries to deliver maximum power, the R255SMS-DBLi easily cuts through the most challenging work pieces and delivers all-day power so you can spend more time working, and less time charging.

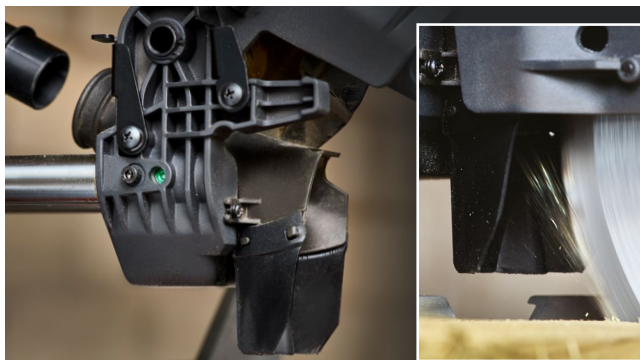

SHADOW LINE TECHNOLOGY

Bright LED light casts a perfect shadow of the blade for an accurate cut guide that is permanently aligned to the saw blade.

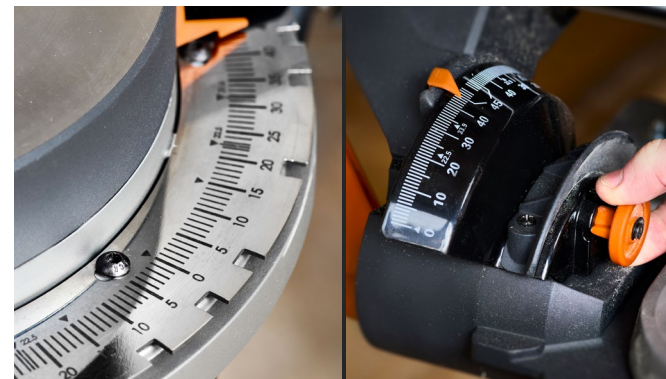

BRUSHLESS MOTOR

Powerful brushless motor minimises energy loss and maximises battery life delivering more cuts per charge vs brushed motors.

EFFECTIVE DUST EXTRACTION

Redesigned dust port collects **25% more dust** vs the Evolution corded equivalent

ACCURATE ANGLE SETTING

Quick and accurate angle setting with stainless steel mitre gauge and large dual-bevel protractor scale.
