Product Information – R15VAC - 15L Wet & Wet and Dry Vacuum Cleaner

Product Code: EU: 086-0003

Barcode: EU: 0849713091550

Bullet Points:

- High-performance 42.5L/S of suction
- 15L bin with 8L dry and 9L wet capacity
- Power take-off socket
- Blow function
- Low 80db noise level
- Portable & lightweight design
- On-board accessory storage
- Large switch for easy operation
- Cartridge filter & foam filter included
- 2 Year Guarantee

Description:

The perfect wet & dry vacuum cleaner for your workshop & general cleaning tasks. The powerful 1000w motor has an impressive 42.5l/s of airflow for easy pickup of bulky building dust, dry debris, liquids, mud & more. The power take-off socket provides effective dust collection when used with a power tool by starting the vacuum automatically when you use the power tool. This vacuum cleaner also doubles up as a powerful blower ideal for dislodging debris from hard-to-reach areas. The compact design makes it highly portable and ideal for taking between jobs. It features on-board accessory storage for quick access to nozzles, a carry handle & cable tidy.

Box Contains:
